Needs and Challenges

- Needs

- OCOM 785 (Case Report)
- Competitive for Residency
- Early Training

- Challenges

- No research motivation
- No protected time

Solutions and Successes

•Solutions

- “Motivational” research orientation during OMS 1
- Research Rotation Elective (4 modules)
- Research for “Fun”
- OU-COM Research Summer Fellowship
- OU-COM International Programs
- CORE Funding and Research Services

•Successes

- Increased publication, posters and awards
- Multi-site collaboration among students
- Serving as mentors for fellow students and residents

CORE Research Growth

Research Outcome	Year		
	1995-2000	2001-2005	2006-2008
Registered Projects	3	250	396
Posters	0	10	59
Publications	0	0	9
OOA Participants	–	32	64
