Description

Creating a learning-centered community to educate and mentor tomorrow's physician leaders is what drives SOMA's dedicated faculty, staff and administration. ATSU's latest school is looking for future physicians who are dedicated to serving those in need and who desire to be part of a new and exciting medical education experience. Leaders in medical education, public health, patient care, technology and business have worked with ATSU in developing this innovative, learning-centered school.

Mission Statement

Consistent with the university's heritage as the founding school of osteopathic medicine, the mission of A.T. Still University of Health Sciences is to educate students to become competent health care professionals who continuously develop and demonstrate compassion, integrity and ability, while advancing osteopathic principles and philosophy. The institution is committed to scholarly inquiry that anticipates and addresses society's health care needs. The university encourages its constituencies to become leaders in improving community health and wellness, with a comprehensive appreciation of the interaction of mind, body and spirit.

Setting: Mesa, Arizona; Large Metro Area

Date Founded: 2006; Private

Accreditation

A.T. Still University School of Osteopathic Medicine in Arizona holds provisional accreditation from the Commission on Osteopathic College Accreditation (COCA) and also is accredited by the Higher Education Commission of the North Central Association of Colleges and Schools.

Institutional Affiliation

A.T. Still University also includes the Kirksville College of Osteopathic Medicine (KCOM), the Arizona School of Health Sciences (ASHS), the School of Health Management (SHM) and the Arizona School of Dentistry & Oral Health (ASDOH).

2008-2009 Enrollment

Total medical school enrollment: 204
Total male: 109
Total female: 95
First-year enrollment: 104
First-year male: 52
First-year female: 52
Total enrollment affiliate institutions: 3,480

Curricular Offerings

SOMA students spend the first year on the Mesa, Arizona campus learning together via small groups, real-life patient interactions and simulated clinical experiences. The second year is spent in small-group settings learning from additional clinical presentations at a Community Health Center campus.

Community Health Centers are independent organizations serving as the nation's high-quality health care safety net. These health centers provide comprehensive, coordinated primary care services through 8,000 clinics in the United States and its territories. Third- and fourth-year students will complete their clinical rotations at Community Health Center campuses, associated hospitals, health care providers and other select health care institutions. Osteopathic principles and practices are integrated throughout the curriculum, and the osteopathic manipulative treatment program is designed for primary care applications. This provides distinctive training in the value of healing touch in patient care.

Combined Degree Programs

Baccalaureate/DO: No

DO/MA: No

DO/MS: No

DO/MPH: Yes

Online master's degree in public health that prepares the student to be a leader in the field of Public Health. http://www.atsu.edu/shm/online_programs/public_health/index.htm

DO/MBA: No

DO/JD: No

DO/PhD: No

DO/Master of Health Education (MHED) – The online Master of Health Education degree will prepare the student to be a practitioner and leader in the field of health education.

http://www.atsu.edu/kcom/admissions/preparing_MS_admission/dual_degree_requirements.htm

DO/DHed – The Doctor of Health Education (DHed) program complements the University's mission of encouraging its constituencies to become leaders to improve community health and wellness with a comprehensive appreciation of the interaction of body, mind and spirit, while helping to create the best health care educators in the world. This program is one of very few online doctorate degrees in the health sciences designed to challenge students to examine the current state of health care education and their individual roles and responsibilities within it.

http://www.atsu.edu/shm/online_programs/doctor_health_education/index.htm

DO/Master of Geriatric Health (MGH) – Geriatric health care is one of the fastest-growing specialties in medicine, and ATSU is one of very few health care schools that offers an online master's degree in geriatric health. http://www.atsu.edu/shm/online_programs/geriatric_health/index.htm

DO/Master of Health Administration (MHA) – ATSU offers an online master's degree in health administration that prepares the student to be a leader in a fast-growing segment of the U.S. labor market. http://www.atsu.edu/shm/online_programs/health_administration/index.htm

Special Programs

- **International Medicine Programs:** Students may choose an international rotation as part of the fourth-year electives.

Preparatory Programs

Post baccalaureate program: No

Summer program(s): No

Summer program(s): No

Facilities

A.T. Still University has a modern, new and growing campus in Mesa, Arizona. Existing Mesa facilities, supplemented by extensive simulation laboratories, digital learning resources and group problem-solving venues, will serve as the central campus for students during their first year. Cohorts of approximately ten learners will then move to one of ten Community Health Center campuses around the nation for years two through four.

Early Decision Program (EDP)

ATSU-SOMA does not have EDP for notifying candidates on early admissions.

COM Interview Format

Closed file, one on one with a faculty member.

First-Year Class Matriculants' Selection Factors

A bachelor's degree and the MCAT, preferably taken by the fall, but no later than January of the year of application, are required. Any undergraduate major is acceptable. Applicants must be U.S. citizens or hold a permanent resident visa. Applicants who are community service or public health minded, and who have a desire to serve the underserved and to practice in primary care settings, are highly desirable. Prospective

SOMA students will be evaluated in three major areas: academic accomplishment, personal characteristics of a healer and propensity to serve the underserved. Prospective students must exhibit a genuine concern for people. SOMA requires a personal interview during the application process. The applicant is strongly encouraged to have clinical exposure in a health care environment.

First-Year Class Matriculants' Self-Reported Race/Ethnicity:

American Indian or Alaska Native: 8%

Asian/Pacific Islander: 17%

Black or African American: 2%

Hispanic/Latino: 9%

White: 58%

First-Year Class Matriculants with:

Science Majors: 78%

Non-Science Majors: 22%

Baccalaureate degree: 92%

Graduate degree(s): 8%
