

Serving, Teaching, and Learning Where Need is Greatest (a HRSA PCTE grant project)

WB-8A-72

Meaghan Ruddy MA, PhD, BCC

Christine Morgan, EdD

Isaac Navarro, DMD

Frederic Schwartz, DO

Linda Thomas-Hemak, MD (PD)

Disclosures

- “This project is/was supported by the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) under grant number T0BHP30028, Primary Care Training and Enhancement, in the amount of \$1,248,682. This information or content and conclusions are those of the author and should not be construed as the official position or policy of, nor should any endorsements be inferred by HRSA, HHS or the U.S. Government.”

Objectives

- Describe a framework for the authentic integration of community-oriented primary care (COPC) and leadership development into PCMH and CHC environments
- Discuss the implementation of said framework with intertwining curricula focusing on Professionalism and Leadership in Practice (PLP) and Health Care Delivery Science (HCDS)

www.serveteachlearn.org

Objective 1

Describe a framework for the authentic integration of community-oriented primary care (COPC) and leadership development into PCMH and CHC environments

COPC

- What is it?
 - Merger between primary care and public health
 - Utilization of team based approach to population to population health at the point of individual care
- Why is it?
 - Essential to successful PCMH implementation
 - Team based approaches to achieving population based outcomes for achievement of Triple Aim concepts

COPC in PCMH and CHC

- National Family Medicine Residency Program
- COPC rotation
- PCTE enhancements
- Health Point, Auburn, WA
- El Rio, Tucson, AZ
- Health Source, New Richmond, OH
- Unity, Washington, DC

Objective 2

Discuss the implementation of said framework with intertwining curricula focusing on Professionalism and Leadership in Practice (PLP) and Health Care Delivery Science (HCDS)

Implementation and Innovation

- Professionalism and Leadership in Practice (PLP)
- Health Care Delivery Science
- GME REFORM
