

EDUCATING LEADERS 2019

BIG DATA

AOGME Residents and Fellows Council (RFC) Events at Educating Leaders 2019, the AACOM Annual Conference

Date	Session and Description
Friday, April 12 12:45 PM – 2:15 PM	AOGME Residents and Fellows Council Luncheon AACOM established the AOGME Residents and Fellows Council (RFC) in 2018 to develop future leaders in the osteopathic profession by creating a community for them to connect, collaborate, and learn. During their first face-to-face meeting, the RFC will discuss ideas on how to promote well-being along the continuum of GME, support advocacy efforts that address the needs of medical trainees, and how to better serve the residents and fellows. Open to all residents and fellows, students.
Friday, April 12 2:45 PM – 4:45 PM	AOGME Residents and Fellows Council: Transition to Practice Workshop The Transition to Practice Workshop is an educational program that will allow residents to feel more comfortable with the process of finding their first post training position and understanding employment arrangements. The workshop will feature Ms. Susan Sanford, JD, BA, who directs Resident Outreach, at Trinity Health. The information provided will be beneficial regardless of where a physician plans to practice once training is completed. Key topics to be covered include: <ul style="list-style-type: none">• Preparing for Your Search-How to Look Good on Paper• Exploring Opportunities-What to Expect During Site Visits & Interviews• Contracts, Compensation and Benefits: What to Look for in Employment Contracts Open to all residents and fellows, students.
Saturday, April 13 8:00 AM – 5:00 PM	AOGME Residents and Fellows Council Leadership Track The RFC will hold an inaugural leadership track in 2019, which will be an all-day event led by Cindy Passmore, MA from the UNTHSC/TCOM Faculty Development Center. Modeled after the Chief Resident leadership and management skills conference held annually by the UNTHSC faculty development center, this leadership track will engage residents and fellows on communication for effective leadership and clinical teaching skills. The workshop will include a mix of lectures, discussions, hands-on activities and personality tests. (See full agenda.) Open to residents and fellows, students.
