UME-GME DIGITAL RESOURCE LIBRARY

New online repository for osteopathic GME resources

This centralized, digital repository of osteopathic graduate medical education (GME) resources, is designed to help GME professionals, residents, and others with Osteopathic Recognition.

The online library contains a robust and ever-growing collection of:

- textbooks
- webinars
- course curricula
- workshop materials
- recorded live events
- and other resources

Submit a Resource Today!
New resources are collected on an ongoing basis through the UME-GME Digital Resource Library online submission portal. Submissions are reviewed by an editorial board led by the Assembly of Osteopathic Graduate Medical Educators (AOGME).
