our new campus in Joplin, Missouri. Our faculty are esteemed healers and educators who care deeply about your in-class and out-of-class learning. Because of this, our students consistently place at prestigious residencies and perform among the nation’s highest on national board examinations.

Campus setting:
Kansas City, MO - Urban setting
Joplin, MO - Rural setting

Year founded: 1916
Type: Private, non-profit

Accreditation: KCU-College of Osteopathic Medicine is accredited by the Commission on Osteopathic College Accreditation (COCA) and by the Higher Learning Commission of the North Central Association of Colleges and Schools.

Institutional affiliation:
- Kansas City University of Medicine and Biosciences - Kansas City Campus
- Kansas City University of Medicine and Biosciences - Joplin Campus

Facilities:
The Kansas City campus features 8 buildings, designed to provide modern facilities to promote student success. Notable buildings include:
- The Administration Building, built in 1916, served as the original Children’s Mercy Hospital. The newly-remodeled building includes the Walker Family Welcome Center, a new boardroom and 11 departments, housing more than 70 members of KCU faculty and staff. The century-old facility is notable for its vibrant past and boasts numerous highlights.
- The Academic Center provides additional classroom space to the campus with two lecture halls: one seats 300-plus and the other seats 400-plus. It also provides for additional breakout rooms for smaller study groups.
- The Student Activities Center provides a central gathering place and work spaces for students, including an expansive fitness center, full-service coffee shop, bookstore, and more.
- The D’Angelo Library provides a beautiful and spacious area for students, staff and faculty to meet and learn. It features designated study rooms for individual or group sessions, conference room, computer lab, and Special Collections Room.
- Leonard Smith Hall offers space for the university’s tutoring programs, individual and small group study rooms, a computer lab, and a student study lounge.
- The Dybedal Center for Research is the epicenter of research activities at KCU. Equipped for biosafety Levels I and II research, the Dybedal Center includes more than 20,000 square feet of basic science laboratories.

Joplin Campus
The KCU-Joplin campus is located on the site of the former Mercy Hospital, which was constructed in 2012. The new campus is designed to address student learning in the 21st century, with key areas promoting active learning experiences. These include a 200-seat lecture hall, the anatomy lab, the osteopathic manipulative medicine lab, and an ambulance bay where students will learn how to handle mass trauma.

Student residence options:
Students in both Kansas City and Joplin have access to numerous options within each city, as on campus student housing is not available. The office of admissions can provide limited resources for incoming students.
