About the Match Opportunities

THE MILITARY MATCH
The Military MATCH provides an opportunity for osteopathic medical students to match into one of the United States military health care systems.

THE AOA MATCH
The AOA MATCH is a national osteopathic medical student match created by the American Osteopathic Association. Participating students are placed in residencies where they are exposed to osteopathic medical care.

THE NRMP "MAIN MATCH"
The National Resident Matching Program (NRMP) "MAIN MATCH" is a national match created by the National Resident Matching Program. Participating students are matched to residencies nationwide.

ONE FINAL CHANCE TO MATCH

Looking Forward
An osteopathic medical student who has not been matched in one of the match cycles may still have an opportunity to secure a position at a residency program. The final opportunity to secure a position is in the "ONE FINAL CHANCE TO MATCH" program.
