Note: Zeroes omitted for viewing ease.

Note: Figures have been rounded.

Note: In 2019, the Annual Survey Faculty by Academic Degrees section was modified to reflect academic degrees COMs report as offered through Allied Health and Dual Degree programs for osteopathic medical students. This change is intended to capture one, how many DO faculty may have completed such programs; and two, how many faculty COMs have to support osteopathic medical students currently attending such programs.

¹Faculty reported in the column title Paid Faculty-Instructors and Other - PT are clinical preceptors. See explanation in question 2.1-4

²Clinical MS: include MMS for PA + 4 nurses.

³The above information includes employed faculty and doesn't include preceptors.
