Single GME Dashboard, 7/3/2018
New Common Program Requirements

• Program director and faculty qualifications include certification by the American Osteopathic Boards

• AOA-approved residency training is acceptable for entry or transfer to an ACGME-accredited residency or fellowship program

• Program directors should encourage graduates to take the certifying examination offered by the American Osteopathic Association certifying board or applicable ABMS board
Protecting Our Residents

• Changes in the common program requirements

• Grant the AOA special accreditation authority post June 2020

• PTRC review of training programs – July 19, 2018

Attention Students! Click here to read important Match information!

Former AOA Programs That Have Transitioned to ACGME Accreditation
This list contains all programs that withdrew their AOA approval after achieving ACGME Accreditation.

Programs Offering Education in Osteopathic Principles and Practice
This list contains all ACGME-accredited ONMM programs and programs that have received Osteopathic Recognition.
Match and ERAS

- The AOA Match is a computer program that, utilizing student and program preferences, places students into internship and residency programs.
- For students applying to an internship or residency program, ERAS is a service that sends student application information to residency training programs.
- Fully transitioned programs are not in the AOA match.
- AOA programs with ACGME accreditation may choose one or both Matches.
- AOA programs in pre-accreditation and continued pre-accreditation are being reviewed by PTRC.
  - 105 approved to recruit; 46 under PTRC review on July 19.
Highlights for the Class of 2019

- Last AOA Match and osteopathic ERAS
- AOA training acceptable for entry into ACGME programs
- Fully transitioned program list on Opportunities website
- List of AOA programs in the AOA Match is released in November
- Post Match list of programs will be on AOA website
