

OMED 2010 Faculty Development Workshop

Presentation:

Integrating Osteopathic Concepts in the Assessment, Feedback and Evaluation of Learners

Part 1: Introduction to Application in Primary Care/OMM

**Part 2: Practical Application: “One Minute Osteopathic Preceptor” Model in
Primary Care/OMM”**

**2011 AAO Convocation
Moscone Center
San Francisco, CA
Sunday, October 24, 2010
8:00 am to 12:00 pm**

Presenting Faculty

**Tyler Cymet, DO
Michael P. Rowane, DO, MS, FAAFP, FAAO
Evelyn A. Schwalenberg, DO, MMEL, FACP, FACOI**

Learning Objectives

1. Identify effective assessment tools that clearly integrate osteopathic concepts in clinical precepting and training settings.
2. Define the characteristics that will promote the integration of osteopathic principles and practices when there is feedback and evaluation between a learner and supervising physician.
3. Present a practical application to assess, give feedback and evaluate learners using the “One Minute Osteopathic Preceptor” model program that is beneficial in an osteopathic pre-doctoral, post-doctoral, or community-based setting.
